The Bank of England Base Rate (BEBR) is a variable rate set by the Bank of England. BEBR is currently 4.00%.

Representative example

A capital and interest mortgage of £164,640 payable over 276 months on a fixed rate of 5.27% for 5 years and then our variable tracker rate of 1.99% above the Bank of England Base Rate (currently 4%), for the remaining term would require 60 monthly payments of £959.84 and 216 monthly payments of £1,004.30.

The total amount payable would be £232,418.60 made up of the loan amount plus interest and £0 (product fee), £80 (final repayment charge), £0 (completion fee).

The overall cost for comparison is 5.8% APRC representative.

So, in the case of a remortgage where it includes, for example, a change of names on the mortgage or the first registration of unregistered land, you will be liable for any associated fees.

Rate Types

- Fixed Rates: A fixed rate provides an interest rate that remains the same during the fixed period of the loan. After the fixed period of your loan our fixed rates revert to the follow-on rate, which is the Bank of England Base Rate plus a margin. This gives you the peace of mind of knowing that your monthly repayment will stay the same for the period during which the rate is fixed, as long as payments are made for the correct amount and on time, allowing you to plan accordingly.
- Tracker Rates: All Base Rate Trackers are linked to Bank of England Base Rate. As the rate is linked to a variable rate, your monthly repayments may increase as well as decrease. This is the only product type available for "Offset" mortgages.

Early Repayment Charges (ERC)

- During an early repayment charge period, additional payments within a set allowance can be made without incurring the ERC.
- For Offset mortgages early repayment charges are only incurred if the mortgage is fully redeemed within the charge period.
- Please refer to your Mortgage Information Sheet and Mortgage Offer to confirm any specific Early Repayment Charges (ERCs) applicable to your mortgage.

Valuations

- To lend on a property, Barclays require an inspection / mortgage valuation to be carried out for mortgage purposes.
- A non-disclosed valuation report is prepared either by Barclays or by a valuer of our choosing.
- A valuation fee may be payable, please refer to your Mortgage Information Sheet to confirm.
- For Residential Purchase applications with a property value up to £2million and all Remortgage applications, customers will not pay for or receive a copy of any non-disclosed valuation report.
- For BTL Purchase applications customers will pay for and receive a copy of the basic valuation report. For BTL remortgage applications customers will not pay for or receive a copy of any non-disclosed valuation report.
- For more information on valuations, see our Guide to Mortgage Valuations.

EMC Reward Rates

- Exclusive to existing customers switching rates or borrowing additional funds.
- Further borrowing on Offset mortgages can only be by means of an Internal Remortgage.
